Examination Emergency Evacuation Policy

***"Commit your work to the Lord, and your plans will be established."* – Proverbs 16:3**

Purpose of the policy

This policy details how the centre deals with an emergency evacuation of the exam room(s) by defining staff roles and responsibilities and confirming the emergency evacuation procedure

When is an emergency evacuation required?

An emergency evacuation is required where it is unsafe for candidates to remain in the exam room. This might include a fire in the exam room, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the exam room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the exam room, serious illness of a candidate or invigilator or similarly serious incidents.

Emergency evacuation of an exam room

Roles and responsibilities

Head of centre

- Ensures the emergency evacuation policy for exams is fit for purpose and complies with relevant health and safety regulation
- Ensures any instructions from relevant local or national agencies are referenced and followed where applicable.

Senior leader

- Where responsible for the centre-wide emergency evacuation procedure, ensures all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an exam room is required

Special educational needs coordinator (SENCo)

- Ensures appropriate arrangements are in place for the emergency evacuation of a disabled candidate from an exam room where different procedures or assistance may need to be provided for the candidate
- Ensures the candidate is informed prior to taking their exams of what will happen in the event of an emergency evacuation

Exams officer

- Ensures invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded
- Ensures candidates are briefed (*Candidate exam handbook*), prior to exams taking place, on what will happen in the event of an emergency in the exam room
- Provides invigilators with a copy of the emergency evacuation procedures for every exam room
- Provides a standard invigilator announcement for each exam which includes appropriate information for candidates regarding what will happen if the fire alarm sounds
- Provides an exam room incident log in each exam room
- Liaises with the ALS lead/SENCo and other relevant staff prior to each exam where different procedures or assistance may need to be provided for a disabled candidate
- Briefs invigilators prior to each exam where different procedures or assistance may need to be provided for a disabled candidate
- Ensures appropriate follow-up is undertaken after an emergency evacuation reporting the incident to the awarding body and the actions taken through the *special consideration* process

Invigilators

- By attending training, ensure they understand what to do in the event of an emergency in the exam room
- Follow the actions required in the emergency evacuation procedure issued to them for every exam room
- Confirm with the exams officer, where different procedures or assistance may need to be provided for a disabled candidate they are invigilating
- Record details on the exam room incident log to support follow-up reporting to the awarding body by the exams officer

Other relevant centre staff

- Support the senior leader, SENCo, exams officer and invigilators in ensuring the safe emergency evacuation of exam rooms

Recording details

As soon as practically possible and safe to do so, details should be recorded. Details must include:

- the actual time of the start of the interruption
- the actions taken
- the actual time the exam(s) resumed
- the actual finishing time(s) of the resumed exam(s)

Further details could include:

- report on candidate behaviour throughout the interruption/evacuation
- a judgement on the impact on candidates after the interruption/evacuation

Emergency evacuation procedure

Invigilators are trained in this procedure and understand the actions they must take in the event of a fire alarm or other emergency that leads to an evacuation of the exam room.

Emergency evacuation procedure
Actions to be taken (as detailed in the current JCQ *Instructions for conducting examinations chapter18, Emergencies*)
Stop the candidates from writing
Collect the attendance register (in order to ensure all candidates are present)and evacuate the examination room in line with the instructions given by the appropriate authority
Evacuate the examination room in line with the instructions given by the appropriate authority – In the event of a fire alarm at Bishop Douglass School during exams the instruction is: **The Lead Invigilator will make the decision whether the exam room should be evacuated.**
Ensure candidates should leave the room in silence
Ensure the candidates are supervised as closely as possible while they are out of the examination room to make sure there is no discussion about the examination
Make a note of the time of the interruption and how long it lasted.
Allow the candidates the remainder of the working time set for the examination.
If there are only a few candidates, consider the possibility of taking the candidates (with question papers and scripts) to another place to finish the examination
Make a full report of the incident and of the action taken, and send to the relevant awarding body
Additional centre-specific actions to be taken
In addition to the actions required by JCQ ICE regulation 18 above, invigilators are also informed of the following centre-specific actions or information:
1. The exam room must be evacuated by the nearest fire exit (Sports Hall – main entrance) (Dance Studio – C corridor) (Sen Rooms – A stairs)
2. On returning to the exam room allow candidates time to settle down, reminding them they are still under exam conditions
3. Restart the exam and allow candidates the full working time set for the examination
4. Make relevant changes to the displayed finish time
5. All information regarding the evacuation must be recorded on the exam room incident log
